Mountain West Ballet

Mountain West Ballet is a holiday tradition with its 28th annual production of "The Nutcracker." Mountain West Ballet is Sandy's community-based, nonprofit ballet company. With dancers representing over 29 dance schools, colleges and universities along the Wasatch Front, this community ballet will perform the tale of Clara, her handsome nutcracker prince come to life and a very magical Christmas Eve.

"The Nutcracker" will be performed Dec. 7-18 at the Mount Jordan Middle School theater, located at 9360 South 300 East in Sandy. Friday, Saturday and Monday evening performances begin at 7:30 p.m. with Saturday matinee performances beginning at 2 p.m. For ticket prices and other information, please visit them online at www.mountainwestballet.org.

Call for Noal Bateman Nominations

The Noal Bateman Award is the highest honor given to Sandy residents for service to their community. The awards committee is currently taking nominations for the 2012 recipient. If you know of someone who has actively been serving the Sandy community for at least seven years, please write a description of this person and send it to the Awards Committee Chairman, Bruce Steadman, by Jan. 21.

Nomination forms can be obtained by calling the committee chairman, by visiting Sandy City Hall, the Sandy Senior Center, the Parks and Recreation Building or from the city's website at www.sandy.utah.gov/noalbateman.

Please send nomination forms to:
 Bruce Steadman
 Award Committee Chairman
 10936 South 85 East
 Sandy, Utah 84070-5234
 Home: 801-571-8116
 Work: 801-587-9526

The 2011 Noal Bateman recipient was John Kirkham.

Become a Volunteer During a Disaster

Sandy City needs people to pre-register as disaster volunteers. We are taking a proactive approach of signing up as many volunteers as we can prior to an emergency or disaster. If you are interested, but have not registered yet, please go to sandy.utah.gov/emergency. This will pull up the emergency management page. The link to the disaster volunteer registration form will be just below the headline or in the menu bar to the left. Fill out the form and then click "submit" at the bottom of the page. Thank you for your interest.

Domestic Violence Awareness in Sandy

Is domestic violence a problem in Sandy? In a one-year span – from Sept. 1, 2011 to Aug. 31, 2012 – there were 359 domestic violence assaults reported in Sandy. While that is 30 less than last year, it is clear that domestic violence is still a problem. Every day in the United States, an average of three women are killed by a current or former intimate partner. In Utah alone, there were 33 domestic violence-related deaths in 2011. Domestic violence, though, is more than just the assaults that result in death. Verbal abuse, sometimes witnessed by children, also remains a problem across the country.

In efforts to combat this issue, the Sandy Police Department has made strides in making the public aware of this concern. At a press conference held for National Domestic Violence Awareness Month, Chief Stephen Chapman stated: "Domestic violence is a problem throughout the United States, and Sandy City recognizes that it affects our citizens and is a problem here as well."

At the same event, 359 balloons were released, one for each victim of domestic violence assault. Nearby, 610 pinwheels were gathered, representing each child that witnessed domestic violence – not including verbal incidents.

Chief Chapman went on to say, "Although the number of reported assaults has decreased for domestic violence, Sandy City is still aware that it is an issue. Even if we had one victim of domestic violence, it would still be an issue for the whole city. No one deserves to be abused."

If you or anyone you know is a victim of domestic abuse, help is available. There are numerous resources available in the area including two domestic violence shelters: South Valley Sanctuary (801-255-1095) & YWCA-Women in Jeopardy (801-534-8600). You can also call the Utah Domestic Violence Link-Line at 800-897-LINK for resources.

If you need help, or would like to learn more about what Sandy City is doing to help, you can contact Vickie Bushman, victim advocate volunteer coordinator, at 801-568-4627 or vbushman@sandy.utah.gov.

Fall Leaf Collection

The city has once again contracted with Waste Management to conduct a leaf collection program.

If you live **south of 9400 South**, place your leaves curbside by 7 a.m. on **Monday, Nov. 26**.

If you live **north of 9400 South**, place your leaves curbside by 7 a.m. on **Monday, Dec. 3**.

Please place your leaves in plastic bags

with the tops sealed to prevent the wind from blowing them throughout the neighborhood. **Leaves that are left on the curb of a residence will be picked up anytime during the week indicated.**

This service is provided for all residents who pay for waste collection services through Sandy City. If you have any questions, please contact the Public Works Department at 801-568-2999.

Christmas Tree Recycling

The city will have large dumpsters placed at the following locations throughout Sandy from Wednesday, Dec. 26, 2012 until Friday morning, Jan. 11, 2013 for the collection of Christmas trees only:

- Bell Canyon Park - 11400 South 1700 East
- Buttercup Park - 10075 South 1550 East (south parking lot)
- Crescent Park - 11000 South 230 East
- Flat Iron Mesa Park - 8600 South 1700 East (lower west parking lot)
- Highpoint Park - 7800 South 1000 East
- Parks and Cemetery Shop - 9120 South 700 East
- Storm Mountain Park - 11400 South 1000 East

Please ensure that all lights, ornaments, tinsel and garland are removed from the trees as well as stands, plastic and spikes. Trees that have been flocked should not be taken to any of these locations since they are not recyclable. Flocked trees can be cut into pieces and placed in the blue waste container. Finally, bulk waste, garbage, yard waste and commercial dumping of trees are not acceptable. If you have any questions, call Public Works at 801-568-2999 or Parks and Recreation at 801-568-2900.

Making Roads and Neighborhoods Safe During the Winter

Travel conditions can change in the blink of an eye during a major snow storm. Oftentimes, just getting to and from destinations like work and school can be stressful. Icy conditions can cause delays and be very dangerous. It is a strong priority of the city to minimize the danger and to make all public areas including parks and roads safe and passable as quickly as possible. The city works closely with residents during a storm to ensure that safe environments are achieved.

The **Public Works Department** has crews prepared 24 hours a day in the event of a storm. Their priority is to make all main arterial roads passable for schools, hospitals, fire stations and police stations. As long as the snow continues to fall, the city's first goal is to keep the main roads clear. In such instances, it is unlikely that residential roads will be reached immediately because main roads must be repeatedly plowed. After arterial roads are cleared, they are able to move to other roads and residential streets, depending on the size of the storm and the amount of snow.

The **Parks Division** maintains over 90 locations for snow removal. Their first priority is to clear sidewalks near city buildings and school walkways. Crews are able to clear snow from all paved sections of trails and jogging paths as soon as all other priority locations are safe. Depending on the size of the storm, crews may not be able to reach a location for a couple of days.

The **Police Department** strives to keep city streets safe during a snow storm. They would like to remind drivers to not park on the street during the winter months from Nov. 1 through April 30. This is for the safety of the residents in that neighborhood and for the snow plow drivers who must clear the streets. Police officers can cite or tow vehicles parked in these locations during a storm or within 24 hours after a storm.

The **Fire Department** asks that residents clear areas around fire hydrants. Time is of the essence when a structure is on fire and someone is in need of assistance. Hydrants are located in every neighborhood, and delays can come when hydrants are blocked by snow or other debris. Taking just a few minutes to clear around a hydrant may mean life or death in the event of a fire.

It is our hope that snow can be cleared within a reasonable timeframe and that any safety issues can be resolved quickly. For questions regarding snow removal, please call:

Tips for making your neighborhood safer:

- Clearing snow from your driveway and sidewalk within 24 hours of a storm.
- Blowing or pushing snow into any city street is hazardous and is not allowed
- Parking overnight on city streets during a storm or the 24 hours following a storm is not allowed from Nov. 1 to April 30 to ensure safe passage of snow plows.
- Clearing common areas in neighborhoods such as mailboxes, fire hydrants or sidewalks for children walking to school. The homeowner is responsible to clear the area in front of their mailbox to ensure delivery of mail.
- Providing help to the elderly or infirm in your neighborhood by shoveling their areas.

Historic Sandy Community Public Meeting

Public Safety and Beautification Efforts in Historic Sandy

Citizens have expressed concerns with perceived increases in criminal activity in the Historic Sandy Community (please see map for coordinates of Historic Sandy boundaries), and with deteriorating lawns and yard care by some residents.

City Officials will be present to describe ongoing policing programs and city community development efforts to encourage residents to improve the appearance of yards and neighborhoods.

The public is invited to attend a community meeting to discuss these topics and to answer questions.
